

SUNDAY, MAY 18 2014

Time	Hall «BAKOULEV» (№ 1)	Hall «BOURAKOVSKY» (№ 2)	Hall «BOUKHARIN» (№ 3)	Hall «SPIRIDONOV» (№ 4)
10.00-11.00	<p>Opening ceremony of All-Russian Conference of Young Researchers</p> <p>Lecture I.I. Skopin (Russia) «Heart valve reconstructions»</p> <p>Naresh Trehan, India Master-class on Mitral value /ASD repair through Port Access</p>			
11.00-11.15	BREAK			
11.15-12.15	<p>Sectional session New in the surgery and diagnosis of vascular diseases</p>	<p>Symposium «Operations in cardiac surgery: lessons of history»</p>	<p>Sectional session Actual questions of interventional surgical arrhythmology</p>	<p>Sectional session New in coronary heart surgery</p>
12.15-12.30	BREAK			
12.15-13.15	POSTERS			
13.15-14.15	<p>Sectional session New in the surgery and diagnosis of vascular diseases</p>	<p>Symposium «Operations in cardiac surgery: lessons of history» <i>(continuation)</i></p>	<p>Sectional session Experimental and fundamental researches in cardiac surgery</p>	
14.15-14.30	BREAK			
14.30-15.30	<p>Joint Council of profile commissions of the Ministry of Healthcare of RF on cardiovascular surgery and pediatric cardiology</p>	<p>Symposium «Operations in cardiac surgery: lessons of history» <i>(continuation)</i></p>		

MONDAY, MAY 19, 2014

Time	Hall «BAKOULEV» (№ 1)	Hall «BOURAKOVSKY» (№ 2)	Hall «BOUKHARIN» (№ 3)	Hall «SPIRIDONOV» (№ 4)	Hall «RABOTNIKOV» (№ 5)
9.00-10.00	Opening ceremony of the Session Academician BAKOULEV Memorial Lecture James L. Cox, USA «CorMatrix ECM - a Tissue for the Future»				
10.00-10.30	Distribution of Bakoulev and Bourakovsky awards				
10.30-10.45	BREAK				
10.45-12.15	Round table «Ischemic mitral insufficiency – linear annuloplasty or annuloplasty on the support ring»	Symposium «Interventional and surgical treatment of arrhythmias – novel approaches and technologies»	Conference «Recurrence and complications of lower limb varicosity after various treatments»	Symposium «Novel options for echocardiography of cardiac patients in the operating room and intensive care unit»	Round table «Hemostatic drugs in the prevention and correction of disorders of hemostasis after surgery under extracorporeal circulation»
12.15-13.30	Lecture (12.30-13.00) Naresh Trehan (India) «CABG in Ventricles with Poor Left Ventricular Function»	BREAK			
13.30-15.00	Round table «Relative mitral and/or tricuspid insufficiency in aortic defects and arrhythmogenic cardiomyopathy – indications and surgical techniques»	Round table «Discussing methods of surgical treatment for atrial fibrillation»	Round table «Role of surgery in the complex treatment of lymphedema and postoperative lymphorrhea»	Symposium «Reoperation on obstruction of pulmonary blood flow long after the correction of CHD»	Round table «Pathomorphology of damage and compensatory-adaptive processes in the myocardium before and after heart surgery»
15.00-15.15	BREAK				
15.15-16.45	Symposium «Problems of surgical treatment of valve active infective endocarditis»	Sectional session The history of implementation mammary artery bypass grafting: the 50 th anniversary of the first operation	Sectional session Endovascular treatment of ischemic heart disease	Round table «Prenatal diagnosis and specialized treatment for pulmonary atresia»	Sectional session «Role and opportunities for nurses in nursing high-risk patients after cardiac surgery»
16.45-17.00	BREAK				
17.00-18.30			Sectional session Endovascular treatment of acquired and congenital heart diseases		

POSTERS (hall № 9 – 10) (schedule – see the program) – 12.15 – 13.30

TUESDAY, MAY 20, 2014

Time	Hall «BAKOULEV» (№ 1)	Hall «BOURAKOVSKY» (№ 2)	Hall «BOUKHARIN» (№ 3)	Hall «SPIRIDONOV» (№ 4)
9.00-9.45	Academician Bourakovsky Memorial Lecture Shunji Sano, Japan «Hypoplastic Left Heart Syndrome and Beyond»			
9.45-10.00	BREAK			
10.00-11.30	Conference «Modern methods of diagnosis and treatment for multiple organ failure and sepsis»	Round table «Myocardial revascularization in patients with CAD and mitral regurgitation of grade 2: the choice of treatment tactics»	Round table «Modern approaches to the treatment of aortic coarctation and recoarctation»	Round table «Experimental models of circulation pathology»
11.30-11.45	BREAK			
11.45-13.15	Conference «Modern methods of diagnosis and treatment for multiple organ failure and sepsis» <i>(continuation)</i>	Session of the section of Association of Cardiovascular Surgeons Modern diagnostic technologies and training in cardiology and cardiac surgery	Round table «Modern approaches to the treatment of patients with critical stenosis at ICA»	Sectional session Surgical treatment for aneurysm of the ascending aorta
13.15-14.15	BREAK			Video session «How I do it...»
14.15-15.45	Conference «Modern methods of diagnosis and treatment for multiple organ failure and sepsis» <i>(continuation)</i>	Session of the section of Association of Cardiovascular Surgeons “ Cardiology and visualization in cardiac surgery ” (Competition of young researchers' works)	Sectional session Actual questions of surgical treatment for ICA stenosis	Round table «Synthetic and biological materials for cardiovascular surgery»
15.45-16.00	BREAK			
16.00-17.30	Round table «How do perfusion protocol and method of myocardial protection affect the postoperative period?»	Round table «Conditions and methods of surgical myocardial revascularization»	Sectional session Hybrid technologies in the surgical treatment of patients with pathology of the abdominal aorta and lower extremity arteries	Round table «Organ protection and modern gas anesthetics in the practice of cardiac anesthesiologist»
17.30-17.40	BREAK			
17.40	Summary of the competition of young researchers' works CLOSING CEREMONY OF THE SESSION			

POSTERS (hall № 9 – 10) (schedule – see the program) – 13.15 – 14.15
