

TUESDAY, NOVEMBER 25, 2014

POSTERS

12.30 – 13.30

HALL № 9

**DIAGNOSIS AND TREATMENT OF VENOUS
AND LYMPHATIC SYSTEM DISEASES**

**SYMPOSIUM
«MINIMALLY INVASIVE SURGERY FOR THE TREATMENT OF IHD:
EFFECTIVENESS, SAFETY, LOW TRAUMATISM»**

THRILLING PROBLEMS OF CARDIOLOGY AND CARDIAC SURGERY

PULMONARY HYPERTENSION

COMBINED CARDIAC AND VASCULAR PATHOLOGY

HALL № 10

VASCULAR DIAGNOSIS AND SURGERY

PROBLEMS OF HOMEOSTASIS IN CARDIOVASCULAR SURGERY

HALL № 7

***Master-classes on CT, MRT and USI
for cardiologists, cardiac surgeons and specialists in related professions***

TUESDAY, NOVEMBER 25, 2014

Hall «BAKOULEV» (№ 1)

9.00-10.00

SECTIONAL SESSION 1.10

CONFERENCE

**«*DIAGNOSIS OF VARICOSE DISEASE–
YESTERDAY, TODAY AND TOMORROW* »**

(section of ACVS of Russia «Phlebology and Lymphology»)

Chairmen: A.I. Kirienko (Moscow), S.I. Priadko (Moscow)

- | | | |
|----|--|---------|
| 1. | <u>Priadko S.I.</u> , Malinin A.A., Djabaeva M.S., Sergueev S.Yu. (Moscow, Russia)
On the question of the organization of varicose disease diagnosis in Russia. | 10 min. |
| 2. | <u>Khorev N.G.</u> , Kuznetsova D.V., Kulikov V.P.(Barnaul, Russia)
Instrumental confirmation of clinical class of chronic venous insufficiency in patients with primary disease of the lower limb veins. | 10 min. |
| 3. | <u>Shulikovskaya I.V.</u> (Irkutsk, Russia)
Phleboscintigraphy as a method for the diagnosis of decompensated varicose disease of the lower limb. | 10 min. |
| 4. | <u>Mazaysgvili K.V.</u> , Stoyko Yu.M., Bobrov A.E., Kian K.A., Tsypliaschuk A.V. (Moscow, Russia)
Screening during an outpatient examination: phlebopathy, neuropathy or a somatoform disease? | 10 min. |
| 5. | <u>Khitarian A.G.</u> , Gusarev D.A., Veliev K.S., Khubiev S.T. (Rostov-on-Don, Russia)
Arteriovenous shunts in the pathophysiology of chronic venous insufficiency. | 10 min. |
| 6. | Discussion | |

10.00-10.15

Break

10.15-11.15

SECTIONAL SESSION 1.11

Chairmen: A.I. Kirienko (Moscow), S.I. Priadko (Moscow)

- | | | |
|----|---|---------|
| 1. | Lecture
Eberhard Rabe (Germany) | 20 min. |
| | “PHLEBOLOGY - YESTERDAY, TODAY AND TOMORROW. EUROPEAN VIEW” | |
| 2. | Lecture
K.V. Lobastov (Moscow) | 20 min. |
| | «ELECTRICAL STIMULATION OF CRURAL MUSCLES AS A METHOD FOR THE CORRECTION OF VENOUS OUTFLOW PATHOLOGY» | |
| 3. | Meeting of the section of ACVS of Russia «Phlebology and Lymphology»: | 20 min. |
| | – Approval of All-Russian guidelines «Management of chronic venous diseases» and «Management and prevention of venous thromboses» | |
| | – Discussion and approval of the plan of work and of the Executive Committee of the section of ACVS of Russia «Phlebology and Lymphology» | |

11.15-11.30

Break

11.30-12.30
SECTIONAL SESSION 1.12

ROUND TABLE

**«METHODS OF LYMPHATIC SYSTEM VISUALIZATION
FROM DIAGNOSIS TO TREATMENT»**

Chairmen: A.V. Karalikh (Moscow), A.A. Malinin (Moscow)

- | | | |
|----|--|---------|
| 1. | <u>Malinin A.A.</u> , Priadko S.I., Djabaeva M.S., Sergueev S.Yu. (Moscow, Russia)
Choice of the method of lymphatic system visualization at lymphatic system diseases. | 10 min. |
| 2. | <u>Khalaev R.S.</u> , Nimaev V.V., Tolmachev E.E. (Novosibirsk, Russia)
New approaches to the diagnosis in patients with pronounced postmastectomy lymphedema | 10 min. |
| 3. | <u>Karalikh A.V.</u> , Malinin A.A. (Moscow, Russia)
Diagnostic value of radionuclide lymphography in postmastectomy lymphedema. | 10 min. |
| 4. | <u>Ivashkov V.Yu.</u> , Egorov Yu.S., Sobolevsky V.A. (Moscow, Russia)
Fluorescent lymphography in the diagnosis of lymphatic edema of the extremities. | 10 min. |
| 5. | <u>Nimaev V.V.</u> , Terekhov I.N., Lavreniuk O.A., Shumkov O.A., Letiaguin A.Yu., Lubarsky M.S., Cherniavsky A.M. (Novosibirsk, Russia)
Functional and anatomical visualization of the lymphatic system: the place and the time. | 10 min. |
| 6. | Discussion | |

12.30-13.30

Break

12.30 – 13.30

POSTERS (hall № 9 – 10)

13.30-14.30

SECTIONAL SESSION 1.13

MINIMALLY INVASIVE MYOCARDIAL REVASCULARIZATION (MIMR)

Chairmen: Yu.A. Shneider (Kaliningrad), V.Yu. Merzliakov (Moscow)

- | | | |
|----|--|---------|
| 1. | <u>Denisiuk D.O.</u> , Payvin A.A., Yurchenko D.L., Kabanov V.O., Khvan N.E., Sneguirev M.A., Yakovlev N.N., Ivaschenko A.I. (St. Petersburg, Russia)
Comparative analysis of immediate results of repeated surgical myocardial revascularization on- and off-pump. | 10 min. |
| 2. | <u>Yurchenko D.L.</u> , Payvin A.A., Kabanov V.O., Denisiuk D.O., Khvan N.E., Sneguirev M.A., Sichinava L.B., Barsukova E.A. (St. Petersburg, Russia)
Off-pump coronary bypass grafting with mechanical circulatory support (IABP). | 10 min. |
| 3. | <u>Likhandi D.I.</u> , Podkamenny V.A., Sharavin A.A., Borodashkina S.Yu., Chepurnykh E.E., Molchanova N.M., Vvedenskaya L.S. (Irkutsk, Russia)
Assessment of long-term outcome after off-pump coronary bypass grafting in patients with IHD. | 10 min. |
| 4. | <u>Skurikhin I.M.</u> , Vechersky Yu.Yu., Vyshlov E.V., Zatulokin V.V., Shipulin V.M. (Tomsk, Russia)
MIDCAB for acute coronary syndrome: Pro&Contra. | 10 min. |
| 5. | <u>Shneider Yu.A.</u> , Khudenkikh E.E., Tsoy M.D., Shilenko R.A., Slepenev E.V. (Kaliningrad, Russia)
Bilateral off-pump mammarocoronary bypass grafting in patients with IHD. | 10 min. |
| 6. | Discussion | |

14.-30-14.45

Break

14.45-15.45

SECTIONAL SESSION 1.14

SYMPOSIUM

**«MINIMALLY INVASIVE SURGERY FOR THE TREATMENT OF IHD:
EFFECTIVENESS, SAFETY, LOW TRAUMATISM»
(Section of ACVS of Russia «Ischemic heart disease»)**

Chairmen: Yu.A. Shneider (Kaliningrad), I. Yu. Sigaev (Moscow)

- | | | |
|----|--|---------|
| 1. | Shneider Yu.A. (Kaliningrad, Russia)
Minimally invasive surgery – the method for risks minimization in surgical treatment of IHD. | 30 min. |
| 2. | Leontiev S.A. (Leipzig, Germany)
MIDCAB – short- and long-term outcome. The experience of Leipzig Center of Heart Surgery. | 30 min. |

**15.45-16.00
Break**

**16.00-17.00
SECTIONAL SESSION 1.15**

Chairmen: Yu.A. Shneider (Kaliningrad), I. Yu. Sigaev (Moscow)

- | | | |
|----|---|---------|
| 1. | Khubulava G.G., Kravchuk V.N., Liubimov A.I., Volkov A.M., Shishkevich A.N., Kusay A.S., <u>Kniazev E.A.</u> , Sukharev A. E., Alexanian M.G., Porembskaya I.A., Romanovsky D. Yu., Biriukov A.V. (St. Petersburg, Russia)
Minimally invasive myocardial revascularization (MIDCAB). | 10 min. |
| 2. | <u>Merzliakov V.Yu.</u> , Bockeria L.A., Skopin A.I., Kluchnikov I.V., Melikulov A.A., Zhelikhazheva M.V., Mamedova S.K. (Moscow, Russia)
10-year experience of the work of a special department of minimally invasive coronary surgery. | 10 min. |
| 3. | <u>Popov V.A.</u> , Kozyrin K.A., Ganiukov V.I., Malysenko E.S., Shilov A.A., Barbarash O.L., Barbarash L.S. (Kemerovo, Russia)
Hybrid approach to myocardial revascularization: a new milestone or a tactical dead end? | 20 min. |
| 4. | <u>Zenkov A.A.</u> , Ostrovsky Yu.R., Vykhristenko K.S., Loyko N.G., Chueshov V.A. (Vitebsk, Minsk, Republic of Belarus)
Comparative analysis of early and late results of minimally invasive coronary bypass grafting. | 10 min. |
| 5. | Discussion | |

TUESDAY, NOVEMBER 25, 2014

Hall «**BOURAKOVSKY**» (№ 2)

**SCHOOL «VISUALIZATION IN CARDIOLOGY AND CARDIAC SURGERY:
FROM A TO Z»**

(Section of ACVS of Russia «Cardiology and visualization in cardiac surgery»)

9.00–10.30

Chairmen: L.A. Bockeria (Moscow), E.Z. Golukhova (Moscow), V.N. Makarenko (Moscow),
P.Reinmueller (Austria), V.E. Sinitsyn (Moscow)

Opening ceremony and welcome address

Echocardiography in patients with IHD: standards, limitations, prospects.

Prof. Alekhin M.N. – 30 min.

X-ray semiotics of heart diseases in adults.

Prof. Vishniakova M.V. – 30 min.

Discussion – 20 min.

10.30 – 10.45

Break

10.45–12.15

MRT in patients with IHD. Technology for obtaining and assessing the images.

CMS Stukalova O.V. – 20 min.

MRT – stress-tests. Differential diagnosis of IHD and non-coronarogenic myocardial lesions.

Prof. Sinitsyn V.E. – 20 min.

CT and MRT in atrial fibrillation.

CMS Alexandrova S.A. – 20 min.

MRT: heart diseases in adults.

DMS Yurpolskaya L.A. – 20 min.

Discussion – 20 min.

12.15 – 13.00

COFFEE-BREAK

13.00- 14.30

CT in IHD and heart diseases in adults.

Prof. Makarenko V.N. – 30 min.

Master-Class. How should we treat the data of multimodal examination of the heart?

Analysis of clinical cases. Live streaming and interactive discussion.

Prof. Rienmueller P.(Austria) – 60 min.

Conclusion.

The School is carried out with the support of the Grant of RF Government for State support of scientific research, conducted under the guidance of the leading researchers in Russian scientific institutions and State scientific centers of the RF «Molecular mechanisms of atrial fibrillation» (№ 14.Z50.31.0026)

**12.30 – 13.30
POSTERS (hall № 9 – 10)**

**14.30-14.45
Break**

**14.45-15.45
SECTIONAL SESSION 2.14**

**THRILLING PROBLEMS OF CARDIOLOGY AND CARDIAC SURGERY
IN THE TREATMENT OF PATIENTS WITH IHD – HIGH-QUALITY MEDICAL PRACTICE
CONFIRMS THE RELIABILITY OF DIAGNOSTIC TECHNIQUES**

Chairmen: E.Z. Golukhova (Moscow), O.L. Barbarash (Kemerovo),
I.V. Kluchnikov (Moscow), V.N. Makarenko (Moscow)

- | | | |
|----|---|--------|
| 1. | <u>Patrikeev A.V.</u> , Rudman V.Ya., Maksimkin D.A., Shugushev Z.Kh.(Moscow, Russia)
Management of patients with postinfarction cardiosclerosis: is percutaneous coronary intervention justified in all cases? | 8 min. |
| 2. | <u>Gromova O.I.</u> , Golukhova E.Z. (Moscow, Russia)
The size of the left atrium and the level of creatinine – independent predictors of cardiac mortality in patients with IHD. | 8 min. |
| 3. | <u>Maleva O.V.</u> , Trubnikova O.A., Tarasova I.V., Mamontova A.S., Barbarash O.L. (Kemerovo, Russia)
Factors determining the development of stable postoperative cognitive dysfunction in patients with diabetes mellitus type 2 after coronary bypass grafting. | 8 min. |
| 4. | <u>Grigorian M.V.</u> , Riabinina M.N., Bulaeva N.I., Kubova M.Ch., Averkieva Yu.S., Golukhova E.Z. (Moscow, Russia)
Prognostic value of genotyping and high platelets reactivity early after percutaneous coronary interventions. | 8 min. |
| 5. | <u>Krymshamkhalova A.Sh.</u> , Bockeria O.L., Salia N.T., Sokolskaya M.A. (Moscow, Russia)
Possibilities of the method of high-frequency ultrasonic dopplerography in the evaluation of tissue microcirculation in patients with cardiovascular diseases. | 8 min. |
| 6. | <u>Buziashvili V.Yu.</u> , Matskeplishvili S.T., Makarenko V.N. (Moscow, Russia)
Role of contrast-enhanced stress-MR tomography of the heart in the evaluation of patients with ischemic heart disease. | 8 min. |
| 7. | <u>Shelkovnikova T.A.</u> , Usov V.Yu. (Tomsk, Russia)
Magnetic resonance tomography in the assessment of combined myocardial injury – of inflammatory and vascular genesis. | 8 min. |

**15.45-16.00
Break**

**16.00-17.00
SECTIONAL SESSION 2.15**

Chairperson: O.L. Bockeria (Moscow)

1.

Webinar:

Judith S.Hochman, USA

«Optimal Management of Stable Ischemic Heart Disease: Role of Revascularization»

TUESDAY, NOVEMBER 25, 2014

Hall «BOUKHARIN» (№ 3)

9.00-10.00

SECTIONAL SESSION 3.10

PULMONARY HYPERTENSION

Chairmen: S.V. Gorbachevsky (Moscow), A.P. Medvedev (Nijny Novgorod)

1. Khbulava G.G., Peleshok A.S., Shikhverdiev N.N., Sizenko V.V., Krivopalov V.A., Ushakov D.I., Kusay A.S., Povarenkov A.S. (St. Petersburg, Russia) 7 min.
Our experience with surgical treatment of acute pulmonary arterial thromboembolism.
2. Koltunov A.N., Lischuk A.N., Kornienko A.N., Brovko L.E., Salomov A.A., Esion G.A., Karpenko I.G., Koltunova T.Yu. (Krasnogorsk, Russia) 7 min.
Management of pulmonary arterial thromboembolism with high risk of early death.
3. Medvedev A.R., Sobolev Yu.A., Pichuguin V.V., Chebotar E.V., Riazanov M.V., Shumakov I.V., Demarin O.I., Shirokova O.R. (Nijny Novgorod, Russia) 7 min.
Embolectomy from the pulmonary arteries in the presence of concomitant cardiosurgical pathology.
4. Gorbachevsky S.V., Shmalts A.A., Gorchakova A.I., Aybazov R.A. (Moscow, Russia) 7 min.
Influence of pulmonary vascular morphology on the outcome of Fontan operation.
5. Kulavskaya M.V., Nokhrin A.A., Barbarash O.L. (Kemerovo, Russia) 7 min.
Therapy of residual pulmonary hypertension in children.
6. Ivershin A.R., Bondar V.Yu., Starukhin R.N., Shumilkin M.E., Blinov D.R., Kim A.R. (Khabarovsk, Russia) 7 min.
First experience with ilomedine use for the treatment of patients with postoperative pulmonary hypertension after the operations for acquired heart diseases.
7. Discussion

10.00-10.15

Break

10.15-11.15

SECTIONAL SESSION 3.11

COMBINED CARDIAC AND VASCULAR PATHOLOGY

Chairmen: I.Yu. Sigaev (Moscow), A.M. Cherniavsky (Novosibirsk)

1. Mitrev Z., Anguseva T., Stoicovski E., Hristov N., Milev I., Matvejczuk A. (Skopje, Macedonia; Krasnogorsk, Russia) 10 min.
Surgical treatment of diffuse atherosclerosis.
2. Cherniavsky A.M., Edemsky A.G., Cherniavsky M.A., Tarkova A.R. (Moscow, Russia) 10 min.
Long-term results of hybrid surgical treatment for combined atherosclerotic lesions of the coronary and carotid arteries.
3. Charchian E.R., Stepanenko A.B., Belov Yu.V., Guens A.R., Skvortsov A.A., Turaev M.M. (Moscow, Russia) 10 min.
Surgical treatment of patients with IHD and bilateral lesions of the carotid arteries.
4. Cherkes A.N., Shneider Yu.A., Tsoy M.D., Shilenko R.A., Khudenkikh E.E. (Kaliningrad, Russia) 10 min.
Immediate results of staged operations on the brachiocephalic arteries combined with coronary bypass grafting.
5. Discussion

11.15-11.30

Break

11.30-12.30
SECTIONAL SESSION 3.12

COMBINED CARDIAC AND VASCULAR PATHOLOGY

Chairmen: G.G. Khubulava (St. Petersburg), V.A. Popov (Kemerovo)

1. Odinaev S.M., Skopin I.I., Merzliakov V.Yu., Kakhtsian R.V., Tsiskaridze I.M. (Moscow, Russia) 10 min.
Current approach to surgical treatment of valve diseases combined with ischemic heart disease.
2. Rosseykin E.V., Karpunkin O.A., Voevodin A.B., Vachev S.A., Paramonova T.I., Bazylev V.V. (Penza, Russia) 10 min.
Simultaneous surgical treatment of patients with ischemic heart disease and chronic critical lower limb ischemia.
3. Rudush V.E., Kudriashov K.A., Terebinov S.V., Karpovsky A.B., Rostov A.I., Karbuzov M.V. (Toliatti, Russia) 10 min.
Experience with surgical treatment of patients with atherosclerotic lesions of the coronary and the carotid arteries.
4. Baykov V.Yu., Shevchenko Yu.L., Popov L.V., Batrashov V.A., Fedotov R.A. (Moscow, Russia) 10 min.
Feasibility of simultaneous surgical interventions in patients with combined lesions of the brachiocephalic and the coronary pools.
5. Discussion

12.30-13.30

Break

12.30 – 13.30

POSTERS (hall № 9 – 10)

VASCULAR DIAGNOSIS AND SURGERY

13.30-14.30

SECTIONAL SESSION 3.13

RESULTS OF SURGICAL TREATMENT OF THORACIC AORTIC DISEASES

Chairmen: A.V. Pokrovsky (Moscow), V.S. Arakelian (Moscow)

1. Guidaspov N.A. (Moscow, Russia) 10 min.
Particularities of surgical treatment of patients with congenital deformations of the thoracic aorta.
2. Shtark A.R., Pustovoytov A.V., Myznikov A.V., Usik G.A., Bigashev A.R., Drujinina S.M., Agaeva S.R., Bigashev R.B. (Krasnoyarsk, Russia) 10 min.
Results of surgical treatment of thoracoabdominal aorta for the aneurysms and the dissection.
3. Bockeria L.A., Arakelian V.S., Papitashvili V.G., Chigoguidze N.A., Gamzaev N.R. (Moscow, Russia) 10 min.
Surgical treatment for the aneurysms of descending thoracic aorta.
4. Arakelian V.S., Papitashvili V.G., Guidaspov N.A., Abdulgasanov R.A. (Moscow, Russia) 10 min.
Hypoplasia of the descending thoracic and abdominal aorta: surgical treatment.
5. Mitrev Z., Angusheva T.T., Hristov N., Stoicoski E., Idoski E., Matvejczuk A. (Skopje, Macedonia; Krasnogorsk, Russia) 10 min.
Surgical treatment for thoracoabdominal aneurysms.
6. Discussion

14.30-14.45

Break

14.45-15.45

SECTIONAL SESSION 3.14

**THRILLING PROBLEMS OF SURGERY OF
THE ABDOMINAL AORTA AND ITS BRANCHES**

Chairmen: I.R. Mikhaylov (Moscow), P.O. Kazanchain (Moscow)

1. Pirozhenko P.A., Mozgovoy P.V., Spiridonov E.G., Moiseev D.V., Lukovskova A.A., Korotkova A.I. (Volgograd, Russia) 10 min.
First experienced with laparoscopic celiac trunk decompression for its critical post-stenting stenosis.
2. Bukatsello R.G., Arakelian V.S. (Moscow, Russia) 10 min.
Tactical and technical mistakes in the treatment of chronic digestive organs' ischemia.
3. Mikhaylov I.P., Tveritina O.M. (Moscow, Russia) 10 min.
Particularities of the treatment of ruptured juxtarenal aneurysm of the abdominal aorta.
4. Kosolapov D.A., Dorfman A.G., Mikhaylov I.R., Opykhtin M.N. (Moscow, Russia) 10 min.
Risk factors for the development of postoperative complications in patients with ruptured abdominal aortic aneurysm.
5. Tergueusizov A.S., Kospanov N.A., Pazilov S.B., Akanov E.K., Matkerimov A.Zh. (Almaty, Kazakhstan) 10 min.
Laparoscopic adrenalectomy: 7-year experience.
6. Discussion

15.45-16.00

Break

16.00-17.00

SECTIONAL SESSION 3.15

**WAYS FOR IMPROVING THE RESULTS OF SURGICAL
TREATMENT OF LERICHE SYNDROME**

Chairmen: I.I. Zatevakhin (Moscow), M.D. Dibirov (Moscow)

1. Zatevakhin I.I., Matiushkin A.V., Shipovsky V.N., Berejnoj K.Yu., Kleshev R.V. (Moscow, Russia) 10 min.
Hybrid interventions in patients with atherosclerotic lesions of the lower limb arteries.
2. Khamitov F.F., Dibirov M.D., Gadjimuradov R.U., Cheldiev K.V., Mikhaylov D.A. (Moscow, Russia) 10 min.
Choice of mini-approach technique for the operations on the abdominal aorta and the iliac arteries.
3. Mitrev Z., Anguseva T., Stoicovski E., Hristov N., Milev I., Matvejcuk A. (Skopje, Macedonia; Krasnogorsk, Russia) 10 min.
Surgical treatment of peripheral vascular disease.
4. Ivanov A.S., Maystrenko D.N., Gueneralov M.I., Oleschuk A.N., Gusinsky A.V., Mikhaylov I.V. (St. Petersburg, Russia) 10 min.
Ways for improving the results of loop endarterectomy in patients with atherosclerotic lesions of the ileofemoral segment using endovascular constructions (the stent-grafts).
5. Pirozhenko P.A., Mozgovoy P.V., Spiridonov E.G., Moiseev D.V., Lukovskova A.A., Korotkova A.I. (Volgograd, Russia) 10 min.
Laparoscopic reconstructions for occlusive disease of the aortoiliac segment.
6. Discussion

TUESDAY, NOVEMBER 25, 2014

Hall «SPIRIDONOV» (№ 4)

9.00-10.00

SECTIONAL SESSION 4.10

PROBLEMS OF HOMEOSTASIS IN CARDIOVASCULAR SURGERY

Chairmen: N.N. Samsonova (Moscow), D.Sh. Samuilova (Moscow)

1. Kolesnikova I.M., Roytman E.V., Karpova O.V. (Moscow, Russia) 10 min.
Causes and character of the changes in hemostatic properties of platelet concentrates during storage.
2. Sivtsev V.S., Bockeria L.A., Bockeria O.L., Gorodkov A.Yu., Novikova S.R., Serov R.A., Krestibich I.M., Tsygankov Yu.M. (Moscow, Russia) 10 min.
Biodegradable films for experimental prevention of adhesive pericarditis.
3. Plushch M.G., Gorbachevsky S.V., Grenaderova M.A., Shatalova O.V., Poletaeva G.S., Koloskova N.N., Podschekoldina O.O. (Moscow, Russia) 10 min.
Neurohumoral factors level in patients with idiopathic pulmonary arterial hypertension before and after atriosestostomy with stenting of the interatrial communication.
4. Voroshilin V.V., Lutsenko V.A., Putintsev A.M. (Kemerovo, Russia) 10 min.
Protection of the lower body's tissues from ischemia during abdominal aortic surgery.
5. Lutsenko V.A. (Kemerovo, Russia) 10 min.
Experience with the use of new oral anticoagulants for the prevention of postoperative thromboses of the arterial grafts.
6. Discussion

10.00-10.15

Break

10.15-12.30

SECTIONAL SESSION 4.11 – 4.12

ROUND TABLE

«THE USE OF THROMBOELASTOGRAPHY FOR TIMELY DIAGNOSIS OF BLEEDING AND THROMBOSIS IN CARDIAC SURGERY»

Chairmen: Gorokhovatsky Yu.I. (Moscow), Samsonova N.N. (Moscow)

1. Gorokhovatsky Yu.I. (Moscow) 20 min.
Thromboelastography in cardiac surgery.
Simultaneous testing on the thromboelastograph.
2. Rybka M.M. (Moscow) 15 min.
Thromboelastography as a method for the assessment of the effectiveness of activated 7th factor
3. Klychnikova E.V. (Moscow) 15 min.
Standard and integral techniques for the evaluation of hemostasis system
4. Kozar E.F. (Moscow) 15 min.
Laboratory diagnosis of blood clotting disturbances in cardiac surgery.
5. Kupryashov A.A. (Moscow) 15 min.
Management of patient's hemostasis: the tasks and the solutions.
6. **Master-class** 40 min.
Thromboelastograph TEG5000.
Discussion of the obtained tests' results.
Feed-back from the participants of the round table.

12.30-13.30

Break

12.30 – 13.30

POSTERS (hall № 9 – 10)

13.30-14.30

SECTIONAL SESSION 4.13

NURSING

Chairmen: I.V. Tetvadze (Moscow), E.Yu. Khabibullina (Moscow)

- | | | |
|----|---|---------|
| 1. | <u>Afonina M.A.</u> , Nefedova I.V., Krupianko S.M. (Moscow, Russia)
16-year experience with the organization of scientific and practical events of Bakoulev Center for Cardiovascular Surgery with the participation of the nurses. | 10 min. |
| 2. | <u>Solovieva S.V.</u> , Ekimova N.A., Urtaev R.A., Tarasov D.G. (Astrakhan, Russia)
Rationalization of nurses' work organization in the departments of cardiac surgery. | 10 min. |
| 3. | <u>Votchel R.A.</u> , Pukhiria S.S., Makarov A.A., Shneider V.A. (Kaliningrad, Russia)
Optimization of the work of a nurse-anesthetist during the operations with extracorporeal circulation. | 10 min. |
| 4. | <u>Ivanova O.V.</u> (Perm, Russia)
Role of nursing staff in the organization of work with narcotic and psychotropic agents. | 10 min. |
| 5. | <u>Savenko S.E.</u> , Pegushina O.G. (Perm, Russia)
Analysis of the spectrum of the leading microflora isolated from the clinical material and from the environment sites in the clinic of cardiac surgery. | 10 min. |
| 6. | Discussion | |

14.30-14.45

Break

14.45-15.45

SECTIONAL SESSION 4.14

NURSING

Chairmen: I.V. Nefedova (Moscow), V.A. Shneider (Kaliningrad)

- | | | |
|----|--|---------|
| 1. | <u>Matveev D.N.</u> , Ekimova N.A., Blinova E.N., Tarasov D.G. (Astrakhan, Russia)
Capabilities implementation in modern radiology. | 10 min. |
| 2. | <u>Bocharnikova N.V.</u> , Ekimova N.A., Pasiuga V.V., Tarasov D.G., Shashin S.A. (Astrakhan, Russia)
Measures for bedsores prevention in patients undergoing heart surgery – nursing protocol. | 10 min. |
| 3. | <u>Ruzanova L.V.</u> , Malikov V.E., Boshian A.A., Arzumanian M.A. (Moscow, Russia)
Assessment of depressive and stress condition in patients with ischemic heart disease in early rehabilitation period. | 10 min. |
| 4. | <u>Shneider V.A.</u> (Kaliningrad, Russia)
Videocontrol – an effective tool for the perfection of the system for internal nursing quality control. | 10 min. |
| 5. | <u>Spivak I.M.</u> , Biriukova E.G., Artamonova I.L. (Moscow, Russia)
The management of psychological state as a basis for working stress prevention in nurses. | 10 min. |
| 6. | Discussion | |

15.45-16.00

Break

16.00-17.00
SECTIONAL SESSION 4.15

ROUND TABLE

**«MODERN ANTICOAGULANT THERAPY:
TO WHOM, WHEN AND HOW IT SHOULD BE PRESCRIBED? »**
(supported by Bayer AG)

Chairmen: D.P. Dundua (Moscow), M.N. Zamiatin (Moscow)

- | | | |
|----|--|---------|
| 1. | Zamiatin M.N. (Moscow, Russia)
PATE: from the acute event to the sequelae. | 25 min. |
| 2. | Dundua D.P.(Moscow, Russia)
Antithrombotic therapy in acute coronary syndrome and percutaneous coronary intervention. | 25 min. |
| 3. | <i>Discussion, answers to the questions</i> | 10 min. |

TUESDAY, NOVEMBER 25, 2014

Hall «RABOTNIKOV» (№ 5)

9.00-10.00

SECTIONAL SESSION 5.10

SYMPOSIUM

«MINIMALLY INVASIVE VALVULAR SURGERY»
(section of ACVS of Russia «Acquired heart diseases»)

Chairmen: I.I. Skopin (Moscow), R.M. Muratov (Moscow),
G.G. Khubulava (St. Petersburg)

- | | | |
|----|---|---------|
| 1. | Marco Solinas (Italy)
The power of mitral repair. | 20 min. |
| 2. | Chernov I.I., Kozmin D.Yu., Urtaev R.A., Kondratiev D.A., Tarasov D.G. (Astrakhan, Russia)
Minimally invasive mitral valve surgery: our experience. | 10 min. |
| 3. | Zheleznev S.I., Bogachev-Prokofiev A.V., Pivkin A.N., Demin I.I., Nazarov V.M., Fomenko M.S., Ovcharov M.A., Karaskov A.M. (Novosibirsk, Russia)
Minimally invasive mitral valve surgery. Possibilities and results. | 10 min. |
| 4. | Bockeria L.A., Muratov R.M., Skopin I.I., Midinov A.Sh. (Moscow, Russia)
Effectiveness and safety of ministernotomy for the correction of valve pathology. | 10 min. |

10.00-10.15

Break

10.15-11.15

SECTIONAL SESSION 5.11

SYMPOSIUM

«MINIMALLY INVASIVE VALVULAR SURGERY»

Chairmen: I.I. Skopin (Moscow), R.M. Muratov (Moscow),
G.G. Khubulava (St. Petersburg)

- | | | |
|----|--|---------|
| 1. | Marco Solinas (Italy)
Aortic MICS: The Sutures Experience. | 20 min. |
| 2. | Djordjikia R.K., Sadykov A.R., Vaguizov I.I. (Kazan, Russia)
Results of minimally invasive surgery for acquired heart diseases. | 10 min. |
| 3. | Bogachev-Prokofiev A.V., Zheleznev S.I., Demin I.I., Ivanov I.V., Fomenko M.S., Pivkin A.N., Nazarov V.M., Karaskov A.M. (Novosibirsk, Russia)
Results of aortic valve replacement from mini-sternotomy approach. | 10 min. |
| 4. | <u>Komlev A.E.</u> , Imaev T.E., Kolegaev A.S., Lepilin R.M., Saidova M.A., Margolina A.A., Akchurin R.S. (Moscow, Russia)
Results of transcatheter aortic valve implantation in high-risk patients. | 10 min. |

11.15-12.00

Break

12.30 – 13.30

POSTERS (hall № 9 – 10)

12.00-16.00

MASTER-CLASS

«MINIMALLY INVASIVE APPROACH IN AORTIC VALVE REPLACEMENT BY A SEAMLESS BIOLOGICAL PROSTHESIS»

(Organizers: Bakoulev Center for Cardiovascular Surgery, International school of post-graduate education «Aesculap Academy» and «IMCO-SERVICE» Company)

Chairmen: I.I. Skopin (Moscow), R.M. Muratov (Moscow)

Moderator: Marco Solinas (Head, service of cardiac surgery, Ospedale del Cuore, Fondazione Toscana G.Monasterio, G. Macca, Italy)

- | | | |
|----|--|---------|
| 1. | Welcome address
Skopin I.I. | 15 min. |
| 2. | Marco Solinas (Italy)
Minimally invasive approach for valvular apparatus surgery. | 30 min. |
| 3. | Marco Solinas (Italy)
Aortic valve replacement by a seamless prosthesis. | 30 min. |
| 4. | M.V. Zakharova (St. Petersburg, Russia)
Surgical instruments for cardiovascular surgery. | 20 min. |
| | PRACTICAL TRAINING (Wet-Lab). Group № 1 | 60 min. |
| | Seamless aortic valve prosthesis PercevalS implantation through right-sided mini-thoracotomy
Marco Solinas | 60 min. |
| | PRACTICAL TRAINING (Wet-Lab). Group № 2 | |
| | Seamless aortic valve prosthesis PercevalS implantation through right-sided mini-thoracotomy
Marco Solinas | |
| | END OF THE COURSE. CERTIFICATES
Marco Solinas, Svetlichnaya E.E. | 15 min. |

TUESDAY. NOVEMBER 25, 2014

POSTERS

HALL № 9

12.30 – 13.30

DIAGNOSIS AND TREATMENT OF VENOUS AND LYMPHATIC SYSTEM DISEASES

Chairmen: N.G. Khorev (Barnaul), A.A. Malinin (Moscow)

#70

Puzanov A.I., Artiukhina E.G., Belov Yu.V. (Moscow, Russia)

Updating of radiofrequency obliteration technique used in the management of varicose lower limb veins.

#119

Tanryberdiev M.O. (Ashgabat, Turkmenistan)

Particularities of crosssectomy of the sapheno-femoral anastomosis thrombophlebitis in varicose disease.

#133

Katelnitsky I.I., Katelnitsky I.I., Katelnitskaya O.V. (Rostov-on-Don, Russia)

Tactics of treatment of acute peripheral phlebothrombosis.

#155

Khorev N.G., Kuznetsova D.V., Kulikov V.P. (Barnaul, Russia)

Regularities of global venous function disturbances in various diseases of the leg's veins.

#215

Kit O.I., Katelnitsky I.I., Katelnitskaya O.V., Khomutenko I.A. (Rostov-on-Don, Russia)

Place of crosssectomy in oncologic surgery.

#216

Katelnitskaya O.V., Kit O.I., Katelnitsky I.I., Prostov I.I., Guseva N.K. (Rostov-on-Don, Russia)

Clinical significance of postoperative D-dimer in oncologic surgery.

#225

Kit O.I., Katelnitsky I.I., Katelnitskaya O.V., Prostov I.I. (Rostov-on-Don, Russia)

Anticoagulant therapy for lower limb phlebothrombosis in patients with metastatic liver involvement.

#237

Kalinin R.E., Suchkov I.A., Pshennikov A.S., Agapov A.B., Puchkova G.A., Tsaregorodtsev A.A. (Riazan, Russia)

Ultrasound duplex scanning in the evaluation of recanalization degree in patients with deep venous thrombosis of the lower limb.

#251

Yashkin M.N., Stoyko Yu.M., Tsypliaschuk A.V., Mazayshvili K.V., Ignatieva N. Yu., Zakharkina O.L. (Moscow, Russia)

Experimental assessment of radiofrequency ablation parameters in the treatment of varicose disease.

#287

Khorev N.G. (Barnaul, Russia)

Classical phlebectomy in saphenous vein diameter over 10 mm.

#334

Tsypliaschuk A.V., Stoyko Yu.M., Mazayshvili K.V., Akimov S.S., Yashkin M.N. (Moscow, Russia)

Anticoagulant prophylactics after endovenous laser obliteration.

#336

Akimov S.S., Stoyko Yu.M., Mazayshvili K.V., Maximov S.V., Yashkin M.N., Tsypliaschuk A.V., Ignatieva N. Yu., Zakharkina O.L. (Moscow, Russia)

Differential scanning calorimetry in the assessment of the completeness of venous matrix amorphization in endovenous laser obliteration

#371

Pirozhenko R.A., Mozgovoy R.V., Spiridonov E.G., Moiseev D.V., Lukovskova A.A., Korotkova A.I. (Volgograd, Russia)

Laparoscopic plication of the inferior caval vein in embolo-threatening ileocaval thrombosis.

#578

Mikhaylichenko M.V., Bockeria L.A. (Moscow, Russia)

Endovenous laser obliteration in complex surgical treatment of patients with varicose lower limb veins.

#579

Mikhaylichenko M.V., Bockeria L.A., Kovalenko V.I. (Moscow, Russia)

Minimally invasive methods of out-patient treatment of patients with varicose lower limb veins.

#596

Nikitina A.M., Shevchenko Yu.L., Stoyko Yu.M., Gudymovich V.G. (Moscow, Russia)

Study of endothelial dysfunction in patients with varicose lower limb veins and possibilities of its correction.

#607

Malinin A.A., Priadko S.I., Djabaeva M.S., Sergueev S. Yu. (Moscow, Russia)

Systematization of the lesions of the pudental and perineal lymphatic system of various etiology.

#662

Ivashkov V.Yu., Egorov Yu.S., Sobolevsky V.A. (Moscow, Russia)

TBAR (Total Breast Anatomy Restoration) in the management of postmastectomy syndrome.

#667

Gradusov E.G., Butkevich A.Ts., Zhukov Yu.B., Belousov A.B. (Moscow, Russia)

X-ray contrast-enhanced and ultrasound phlebography in the diagnosis of the insufficiency the femoropopliteal segment valves.

#699

Nemirova S.V., Petrova K.S. (Nizny Novgorod, Russia)

Possibilities of optical coherent tomography of the skin for the evaluation of the effectiveness of the therapy for chronic venous insufficiency in varicose veins disease.

#713

Khitarian A.G., Gusarev D.A., Veliev K.S., Khubiev S.T. (Rostov-on-Don, Russia)

Comparative study of venoobliteration using 980 and 1470 nm lasers and RFA.

#716

Khitarian A.G., Gusarev D.A., Gusarev S.A., Veliev K.S., Khubiev S.T. (Rostov-on-Don, Russia)

Perphorantoneogenesis after previous surgical interventions.

#732

Scherbak S.G., Yurchenko D.L., Yakovlev N.N., Vlasenko S.V., Melnik A.T., Khaetsky A.V., Payvin A.A. (St. Petersburg, Russia)

A case of successful endovascular surgery of occlusive cavafilter thrombosis in the settings of bilateral infarction-pneumonia.

#733

Scherbak S.G., Payvin A.A., Yurchenko D.L., Yakovlev N.N., Khaetsky A.V., Makar L.V., Zhukov K.G. (St. Petersburg, Russia)

Thrombectomy and plication of the inferior caval vein in patients with reiterative pulmonary arterial thromboembolism.

#740

Khitarian A.G., Gusarev D.A., Veliev K.S., Khubiev S.T. (Rostov-on-Don, Russia)

Minimally invasive surgery for the correction of low veno-venous shunt in patients with severe forms of chronic venous insufficiency.

#760

Bgatova N.R., Kulikova I.S., Nimaev V.V., Klimontov V.V., Borodin Yu.I., Lomakin A.I., Isakova N.B. (Novosibirsk, Russia)

Use of molecular markers LYVE-1 and podoplanin for the detection of lymphatic vessels.

#766

Rodniansky D.V., Fokin A.A., Rodnianskaya E.V. (Cheliabinsk, Russia)

Tactics of treatment of lower limb phlebothrombosis.

#808

Scheglov E.A., Dudanov I.R., Spirkova I.V., Alontseva N.N. (Ufa, Russia)

Dynamics of clinical and ultrasound manifestations in varicose leg disease associated with the osteoarthrosis of the knee joints.

#864

Letiaguina A. Yu., Nimaev V.V., Shumkov O.A., Liubarsky M.S., Letiaguina E.A. (Novosibirsk, Russia)

Diagnostic possibilities of high-field MRT in clinical lymphology.

#865

Onuchin R.G., Motovilov M.A., Pushin A.V., Vladimirov S.L., Stolbov R. Yu., Pasyukov A.V., Vladimirov R.S. (Kirov, Russia)

Experience with the use of systemic thrombolysis in the treatment of patients with acute venous thrombosis.

#868

Onuchin R.G., Nagovitsyn S.V., Motovilov M.A., Vladimirov S.L., Posajennikov D.I., Stolbov R. Yu., Vladimirov R.S., Pasyukov A.V. (Kirov, Russia)

Sclerotherapy in the treatment of varicose disease complicated by trophic ulcers with severe concomitant pathology in elderly and old patients.

#929

Khbulava G.G., Gavrilov E.K., Verzhak I.V., Larin I.A. (St. Petersburg, Russia)

Alternatives to Palma operation in surgical treatment of post-thrombotic occlusions of the iliac and femoral veins.

#969

Kuznetsov M.R., Fedin A.I., Beresten N.F., Mishakina N.Yu., Zolotareva L.V. (Moscow, Russia)

Anticoagulant therapy in acute deep venous thrombosis of the lower limb in neurologic patients.

SYMPOSIUM

«MINIMALLY INVASIVE SURGERY FOR THE TREATMENT OF IHD: EFFECTIVENESS, SAFETY, LOW TRAUMATISM»

Chairman: A.I. Skopin (Moscow), I.V. Kluchnikov (Moscow)

#353

Varlamov A.G., Djordjikia R.K., Sadykov A.R., Dmitriev O.Yu., Kataev O.G., Rafikov A.Yu., Samigullin M.A., Sadekov R.F. (Kazan, Russia)

Safety of endoscopic vein isolation: the influence of the method on long-term results of aortocoronary bypass grafting.

#712

Yurchenko D.L., Kabanov V.O., Denisiuk D.O., Khvan N.E., Sneguirev M.A., Sichinava L.B., Zhukov K.G., Payvin A.A. (St. Petersburg, Russia)

First experience with multivessel off-pump CABG from the left-sided mini-thoracotomy.

#922

Babakulova N.M., Kluchnikov I.V., Merzliakov V.Yu., Zhelikhazheva M.V. (Moscow, Russia)

Dynamics of the quality of life and long-term results of surgical treatment in patients with IHD and left main coronary artery disease.

THRILLING PROBLEMS OF CARDIOLOGY AND CARDIAC SURGERY

Chairmen: T.G. Nikitina (Moscow), V.E. Malikov (Moscow)

#82

Goldenberg I. (Kibbutz Shfaim, Israel)

Algorithm of heart rhythm variability (HRV) HeartTrends.

#157

Tarasova I.V., Maleva O.V., Verkoshanskaya E.M., Barbarash O.L., Barbarash L.S. (Kemerovo, Russia)

Influence of multiorgan failure on the indices of bioelectrical brain activity in patients after CABG with extracorporeal circulation.

#181

Korok E.V., Sumin A.N., Gayfulin R.A., Raikh O.I., Ivanov S.V., Barbarash O.L. (Kemerovo, Russia)

Quality of life in one year after the operation of coronary bypass grafting: gender-related particularities.

#453

Kriuchkov D.V. (Kemerovo, Russia)

Survival in myocardial infarction depending on the method of revascularization.

#660

Mustafaeva A.Z. (Moscow, Russia)

Changes in diastolic function and myocardial deformation of the left ventricle early after CABG in patients with IHD and type 2 diabetes mellitus.

#862

Kataeva K.B., Asymbekova E.U., Sherstiannikova O.M., Borbodoeva B.M., Buziashvili Yu.I. (Moscow, Russia)

Evaluation of left ventricular myocardium deformation in patients with IHD before and after myocardial revascularization .

#874

Charchian E.R., Bogopolskaya O.M., Zverkhanovskaya T.N., Kabanova M.N. (Moscow, Russia)

Particularities of postoperative course in patients with Marfan syndrome.

#887

Kudzoeva Z.F., Bockeria L.A., Bockeria O.L., Makarenko V.N., Koshkina E.V., Alexandrova S.A., Politov M.E., Krasnoselsky M.Ya. (Moscow, Russia)

Clinical case of diagnosis and treatment of the syndrome of spherical deformation of left ventricular apex (cardiomyopathy «Tako-Tsubo»).

PULMONARY HYPERTENSION

Chairmen: S.V. Gorbachevsky (Moscow), A.A. Shmalts (Moscow)

#55

Ibraguimov N.Sh., Kotova A.N., Butrim Yu.V., Gulasarian R.S., Tumanian M.R. (Moscow, Russia)

Analysis of the results of surgical pulmonary arterial restriction in neonates and infants during the first year of life.

#178

Guelashvili M.M., Mironenko V.A., Gorbachevsky S.V., Kuts E.V., Maytesian Sh.A., Brovich K.N., Rivniak M.I. (Moscow, Russia)

Use of invasive arterial pressure monitoring in patients with mitral disease and high pulmonary hypertension.

#206

Koltunov A.N., Lischuk A.N., Kornienko A.N., Brovko L.E., Salomov A.A., Esion G.A., Karpenko I.G., Koltunova T.Yu. (Krasnogorsk, Russia)

Massive bilateral pulmonary arterial thromboembolism: description of a clinical case.

#417

Kulavskaya M.V., Nokhrin A.V., Barbarash O.L. (Kemerovo, Russia)

Clinical case of residual pulmonary hypertension after the correction of aorto-pulmonary septal defect in a child.

#424

Medvedev A.R., Lashmanov D.I., Melnikov N.Yu., Bober V.M., Maklaguin A.A., Kozina M.B., Zemskova E.N. (Nijny Novgorod, Russia)

Successful embolectomy in massive PATE in a pregnant woman.

#434

Medvedev A.R., Riazanov M.V., Chistiakov I.S., Sharabrin E.G., Chebotar E.V., Pichugin V.V., Bogush A.V., Kalinina M.L. (Nijny Novgorod, Russia)

Treatment of massive pulmonary arterial thromboembolism associated with coronary pathology.

#697

Nemirova S.V., Medvedev A.R., Safonov D.V., Katsubo L.B., Furzikov D.L., Chmuzh M.A., Zakharov V.S. (Nijny Novgorod, Russia)

Role of pulmonary - pleural complications of pulmonary arterial embolism in the genesis of pulmonary hypertension.

COMBINED CARDIAC AND VASCULAR PATHOLOGY

Chairmen: I.Yu. Sigaev (Moscow), A.V. Kazarian (Moscow)

#176

Lysenko A.V., Stonoguin A.V., Belov Yu.V. (Moscow, Russia)

Results of simultaneous operation of direct myocardial revascularization and reconstruction of the brachiocephalic arteries.

#182

Korok E.V., Sumin A.N., Gayfulin R.A., Ivanov S.V., Barbarash O.L. (Kemerovo, Russia)

Immediate results of CABG in patients with multifocal atherosclerosis: gender-related particularities.

#351

Lysenko A.V., Stonoguin A.V., Belov Yu.V. (Moscow, Russia)

Results of staged surgical treatment in patients with coronary and brachiocephalic arterial lesions.

#418

Komarov R.N., Belov Yu.V., Kurasov N.O., Cherniavsky S.V., Kholod I.S. (Moscow, Russia)

Results of simultaneous bicarotid endarterectomy, aortocoronary and mammarocoronary bypass grafting, as well as of aortofemoral bifurcation bypass grafting.

#454

Kazarian A.V. (Moscow, Russia)

Axillary-coronary bypass grafting as an alternative method for extra-anatomic creation of a proximal anastomosis in surgical myocardial revascularization.

#562

Sumin A.N., Bezdenezhnykh N.A., Bezdenezhnykh A.V., Ivanov S.V., Barbarash O.L. (Kemerovo, Russia)

Influence of type 2 diabetes mellitus and multifocal atherosclerosis on the frequency of cardiovascular events in the long-term after coronary bypass grafting.

#564

Koasari A.K., Bockeria L.A., Bockeria O.L., Sanakoev M.K. (Moscow, Russia)

A case of successful treatment of a patient with critical atherosclerotic lesion of brachiocephalic vessels and coronary arteries.

#704

Zeidlits G.A., Karpenko A.A., Kamenskaya O.V., Klinkova A.S. (Novosibirsk, Russia)

Systemic hemodynamic effects in revascularization of the lower limb major arteries.

#898

Sibagatullin N.G., Yagafarov I.R., Zakirov I.R., Ishmuratova Z.Sh., Khatypov M.G., Tenin E.V., Faskhutdinov N.G., Bikchantaev A.A. (Almetievsk, Russia)

Experience with combined cardiac operations in the regional center.

#935

Kolesnikov Ya.G., Arakelian V.S. (Moscow, Russia)

Place of extra-anatomic bypass grafting from the ascending to the descending thoracic aorta in modern vascular surgery.

HALL №10

12.30– 13.30

VASCULAR DIAGNOSIS AND SURGERY

Chairmen: R.A. Abdulgasanov (Moscow), N.R. Gamzaev (Moscow),
V.G. Papitashvili (Moscow), N.A. Guidaspov (Moscow)

#68

Ulianov N.D., Vinogradov O.A., Komarov V.V., Salekh A.Z., Ulianov D.A., Dziundzia A.N., Belov Yu.V. (Moscow, Russia)

Use of bioimpedansometry method for the evaluation of clinical effect of lumbar sympathectomy.

#69

Dziundzia A.N., Vinogradov O.A., Yakobishvili I.I., Belov Yu.V. (Moscow, Russia)

Short- and long-term results of the management of patients with occlusive lesion of the superficial femoral artery using semi-closed extended loop endarterectomy technique.

#88

Konunova D.M., Sultanov D.D., Sadriev O.N., Avgonov U.M., Sayfiddinov A.S. (Dushanbe, Tajikistan)

Simultaneous bilateral sympathectomy in the treatment of Raynaud disease.

#92

Mukhamadieva Kh.S., Gaibov A.D., Sadriev O.N., Baratov A.K. (Dushanbe, Tajikistan)

First results of hybrid operations for multiple lesions of the lower limb vessels.

#118

Tanryberdiev M.O. (Ashgabat, Turkmenistan)

Ways of decreasing amputation rate after vascular surgery.

#124

Abdulgasanov R.A., Arakelian V.S., Gamzaev N.R., Sebastian S., Ivanov A.V. (Moscow, Russia)

Explants and patches «BASEKS» in cardiovascular surgery.

#130

Abdulgasanov R.A., Arakelian V.S., Rakhimov A.A., Ivanov A.V., Akhmedov S.Ya., Sebastian S., Umarova M.N., Guidaspov N.A. (Moscow, Russia)

Early diagnosis of purulent complications in vascular surgery.

#131

Abdulgasanov R.A., Arakelian V.S., Rakhimov A.A., Umarova M.N., Akhmedov S.Ya., Ivanov A.V., Sebastian S. (Moscow, Russia)

Nephrogenic arterial hypertension: modern methods of diagnosis and treatment.

#132

Livadniaya E.C., Katelnitsky I.I. (Rostov-on-Don, Russia)

Basement for peripheral bed preparation to reconstructive operations in patients with obliterating atherosclerosis of the lower limb.

#189

Mikhaylov I.R., Tveritina O.M. (Moscow, Russia)

Comparative evaluation of the results of treatment of infrarenal and juxtarenal abdominal aortic aneurysms.

#198

Kazakov Yu.I., Lukin I.B. (Tver, Russia)

Survival without amputation after the revascularization of femoropopliteal segment in patients with critical ischemia.

#252

Krasavin V. A., Manasian K. V. (Yaroslavl, Russia)

Treadmill-test and ultrasound Dopplerometry in the evaluation of the results of arterial reconstructions.

#259

Tanryberdiev M.O. (Ashgabat, Turkmenistan)

Experience with bilateral ligation of the internal iliac arteries in atonic uterine bleeding.

#294

Pshennikov A.S., Kalinin R.E., Suchkov I.A. (Riazan, Russia)

Humeral ways for the adaptation to the ischemic syndrome in reconstructive surgery of the major arteries.

#313

Khorev N.G., Konkova V.O., Beller A.V. (Barnaul, Russia)

Lateral angioplasty, short-term results.

#394

Staroverov I.N., Lonchakova O.M. (Yaroslavl, Russia)

Morphological aspect of restenosis of the major lower limb arteries.

#398

Viogradova Yu.A., Mikhaylov I.R., Goldina I.M. (Moscow, Russia)

Experience with the treatment of traumatic post-puncture pseudoaneurysms and pulsating hematoma of the peripheral arteries.

#403

Isaev G.A., Mikhaylov I.P. (Moscow, Russia)

Endarterectomy from the iliac arteries with the use of MultiTASC tool in patients with chronic critical leg ischemia.

#420

Kossovich L.Yu., Belov Yu.V., Kirillova I.V., Goliadkina A.A., Kalinin A.A., Sukhareva T.V., Morozov K.M. (Moscow, Russia)

Coarctation of the aorta (mathematical modeling).

#438

Rodin Yu.V., Bazhuashvili I.G., Konovalova E.A. (Donetsk, Ukraine)

Our viewpoint to the formation of the optimal distal anastomosis in aortofemoral reconstructions aided at maximal use of peripheral bed reserve.

#447

Maslianiuk O.V., Khubulava G.G., Sazonov A.B., Kitachev K.V. (St. Petersburg, Russia)

Use of short saphenous vein in surgical treatment of popliteal arterial aneurysm.

#466

Burov Yu.A., Zakhariva N.B., Kolodin M.V., Konnov N.A., Burov A. Yu. (Saratov, Russia)

Correction of the sequellae of tissue hypoxia in patients with postoperative kinking.

#473

Staroverov I.N., Lonchakova O.M. (Yaroslavl, Russia)

Morphological aspect of restenosis of major lower limb arteries.

#497

Shket A.R., Ostrovsky Yu.R., Spiridonov S.V., Zenkov A.A., Andraloyt I.E., Shestakova L.A., Dydyshko L.L., Korznikov D.A. (Minsk, Belarus)

Results of clinical testing of a Belarus-made aortic stent-graft.

#515

Bortnikova N.V., Arakelian V.S. (Moscow, Russia)

Analysis of the influence of cardiac risk factors on the tactics of treatment in patients with lower limb ischemia and aneurysms of infrarenal aorta.

#524

Malakhov Yu.S., Kozovoy I.Ya., Ferenets M.V., Ananko V.A. (Moscow, Russia)Staged treatment of patients with 4th stage lower limb ischemia.

#525

Lavrenov V.N., Mikhaylov I.R., Isaev G.A., Zhulin D.V., Kozlovsky B.V. (Moscow, Russia)

Management of patients with complicated true aneurysms of the popliteal arteries.

#527

Kosolapov D.A., Mikhaylov I.R., Opykhtin M.N. (Moscow, Russia)

Therapeutic and diagnostic tactics in the short-term postoperative period in patients ruptured abdominal aortic aneurysm.

#528

Ananko V.A., Malakhov Yu.S., Ferenets M.V., Kozovoy I.Ya. (Moscow, Archangelsk, Russia)

Use of angiosome principle for endovascular revascularization in patients with c critical lower limb ischemia.

#532

Ferenets M.V., Malakhov Yu.S., Ananko V.A., Kozovoy I.Ya. (Moscow, Archangelsk, Russia)

TcPO₂ as a criterion of the effectiveness of vascular revascularization in patients with c critical lower limb ischemia.

#536

Malakhov Yu.S., Ferenets M.V., Ananko V.A., Kozovoy I.Ya. (Moscow, Archangelsk, Russia)

Short- and long-term results of surgical treatment of patients with purulent and necrotic lower limb lesions of ischemic genesis.

#610

Polovinova E.V., Arakelian V.S., Guidaspov N.A. (Moscow, Russia)

Diagnosis of aortic coarctation.

#621

Rodin Yu.V., Konovalova E.A., Bezhuashvili I.G., Konovalova D.A. (Donetsk, Ukraine)

Role of intraoperative triplex scanning in the success of primary reconstructions for acute thrombosis of the lower limb arteries.

#757

Feiskhanov A.K., Maximov A.V., Bogdanov S.E., Makarimov E.Sh., Feiskhanova L.I. (Kazan, Russia)

First experience with extra-anatomic bypass grafting for SVC syndrome in a patient receiving programmed hemodialysis.

#775

Sapelkin S.V., DanV.N., Krupochkin S.N., Timina I.E., Kiseleva E.V., Kaliaev A.O. (Moscow, Russia)

Possibilities of radiofrequency obliteration in patients with angiodyplasia.

#781

Pikhanova Zh.M., Ivanov M.A., Aflitonov M.A., Bondrenko R.B., Novitskaya T.A., Podsuslonnikova K.D. (St. Petersburg, Russia)

What does influence the course of peripheral arterial disease in women?

#796

Belousov E.Yu., Soroka V.V., Nokhrin S.R., Riazanov A.N. (St. Petersburg, Russia)

Influence of conservative treatment of critical lower limb ischemia on microcirculation in non-operable patients.

#835

Manafov E.N., Batrashov V.A., Sergueev O.G., Yudaev S.S. (Moscow, Russia)

Formation of a permanent vascular access in elderly patients receiving dialysis.

#886

Petrivsky S.V., Soroka V.V., Nokhrin S.R., Riazanov A.N. (St. Petersburg, Russia)

Influence of perfluoran on microcirculation in patients with critical lower limb ischemia.

#966

Feiskhanov A.K., Maximov A.V., Makarimov E.Sh., Glinkin V.V., Feiskhanova L.I. (Kazan, Russia)

Role of endovascular methods of diagnosis and treatment of the vascular access for programmed hemodialysis.

PROBLEMS OF HOMEOSTASIS IN CARDIOVASCULAR SURGERY

Chairmen: M.G. Plushch (Moscow), D.Sh. Samuilova (Moscow)

#29

Mediantsev L.G., Chishieva E.M., Levina N.N., Tarasov D.G., Shashin S.A. (Astrakhan, Russia)
Phenotyping and screening of alloimmune antibodies as a pledge of immunological safety of hemotransfusions.

#76

Arzumanian M.A., Malikov V.E., Sukoyan G.V. (Moscow, Russia)
Pharmacological correction of aggregation platelets' ability in patients with IHD, arterial hypertension with metabolic syndrome.

#180

Samuilova D.Sh., Borovkova U.L., Linenko O.N. (Moscow, Russia)
Immunoglobulin E in patients undergoing cardiac surgery.

#268

Svirko Yu.S., Podoksenov Yu.K., Mandel I.A., Shipulin V.M., Maslov L.N., Kiyko O.G. (Tomsk, Russia)
Influence of hypoxic preconditioning on the state of antioxidant system in patients with IHD undergoing cardiac surgery.

#320

Medintseva L.G., Chishieva E.M., Tarasov D.G. (Astrakhan, Russia)
Heparin-induced thrombocytopenia in a transfusionist's practice.

#786

Korolev V.A. (Simpheropol, Russia)
Significance of hyperglycaemia control for the determination of the risk of cerebral, cardiovascular and renal pathology in patients with acute coronary syndrome receiving intensive care.

#794

Kubova M.Ch., Golukhova E.Z., Pak N.L., Bulaeva N.I., Riabinina M.N., Grigorian M.N. (Moscow, Russia)
Determination of the tactics of pharmacological support aimed at the prevention of early postoperative thrombotic complications after CABG, on the basis of thromboelastography data

#807

Malikov V.E., Arzumanian M.A., Tulupova V.A. (Moscow, Russia)
State of infraerythrocyte metabolism and oxidation - resistance of LDL cholesterol in patients with unstable angina.

#809

Malikov V.E., Arzumanian M.A., Shuldeshova N.V. (Moscow, Russia)
Aldosterone as a factor of cardiovascular complications progressing in patients with ischemic disease associated with diabetes mellitus.

#845

Kozar E.F., Vanichkin A.V., Mumladze K.V., Vasilenko A.D. (Moscow, Russia)
Level of neurospecific S100 protein in infants after heart surgery.
